The threat of labor leaders to turn New York into a gasiess town did not materialize yesterday. Himmination and heat were obtained without interruption. The officials of the Consolidated Gas Company said they were not aware of any ovidence of a strike, and as far as they ovidence of his having ceded. Returning, Mr. Stimson told colleagues in the Cabinet that Mr. Robert was not distant they already knew. He also told a that Mr. Robert was not distant for the could not be a candidate. The could not be a candidate they were not aware of any ovidence of a strike, and as far as they knew none of their plants were affected.

Henry Kane, president of Gas Workers' Union No. 14,10, said last night that more than one thousand men had quit their places. He said the strike was spreading to serious proportions. As a precaution extra police were on duty at several big gas plants yesterday, but found no trouble Union pickets appeared at several places and were orderly.

Mechanics and Laborers to Shun New York.

More than half a million skilled me-chanics and laborers are idle and daily TIRED OF BEING "CAMEL" "He is waiting first to see if there is a chanics and laborers are life and daily seeking employment in New York city, according to figures compiled yesterday by the manual labor bureau of the National Employment Exchange. The labor market in this vicinity, says an officer of the bureau, never has been so stagnant and glutted as now, and never has there been such a small demand for labor of any city, according to figures compiled yesterday by the manual labor bureau of the National Employment Exchange. The labor market in this vicinity, says an officer of the bureau, never has been so stagnant and glutted as now, and never has there been such a small demand for labor of any city.

Announcement was made at a dinner of the United States Marines

Announcement was made at a dinner of the Real Estate Board of Brokers last night that atcing upon a suggestion first be voters, but the organization will not be ne provinces of Shan-tung and Chi-li will cat," an official said, "and then which seeking employment in New York city,

the trensport of an expedition of troops.
The destination of the expedition is reported to be Che-fu. Six of the transports are now at Wu-sung, at the mouth of the Wu-sung River, ten miles north of Shanghal, taking stores and ammunition on board. The transports will be escented by six cruisers under the command of a republican admiral.

Bishop James W. Bashford, Methodist Episcopal, and a number of other leading missionaries telegraphed to-day to Yuan Shih-kai from Shanghal urging the abdication of the Throne, which, they say is the only means of saving the country from ruin and anavely.

Yuan has telegraphed to Dr. Wu Tingfang, Minister of Justice in the republicans army in any foreign operations.

In Cuba, it was the marines who seized and the country form the command of the armistice.

The destination of the expedition is tree at the mount of the transports will be essentially and an anavely.

Yuan has telegraphed to Dr. Wu Tingfang, Minister of Justice in the republicans.

In Cuba, it was the marines who seized and held Guantanamo and gave the navy seen is the men want to stay in New York cause the men want to stay in New York

Good Chance Next Spring.

"Next spring and summer we can place State Department indicate that the diplomatic corps in China is completely at the fore in promptly seizing the line of the mean over what the outcome of the negotiations between the rival factions will lead to. Impracticable and fanciful amanians that might have made the Panama railway are than an engineer's dream in this century.

Cans, he says, among them being a plan at Panama the marines were to the mean are to exist until then is beyond me. There is no work here now for the mean and all who can should get away from New York. We want to make the warning particularly strong for men out through the country to stay away from this city until work on the great public improvements and private enterprises opens in the spring. If they come here they will starve.

"Our records show that more men are

they will starve.

"Our records show that more men are coming every day. They are giving up to the come to New York. They not only want to better themselves, but they want to see New York. They have no money to sustain themselves in idleness, we cannot find employment for them, and have guidely becomes described.

of these men bring their wives and little children here and all of them must ac-cept charity—if they can get it.

"No mechanic or laborer should come to New York now unless he has sufficient money to support himself for three months. I wish I could devise some way to get the hundreds of thousands of unemployed now in New York away from here. There is a much better chance for them in the industrial centres of the Midle West. If they remain here they must be made and the west of the property accept charity or starter. beg, accept charity or starve. The outlook

ner of Board Held in the Waldorf-Astoria.

responsibility for the renewal of hostilities must rest on Yuan Shih-kai. This is more especially so, they say, as to-day the republicans consented to the holding of the international work in China.

The only difference other than that

The only difference of the the tion for any eventuality in China. With country, issued a warning yesterday to all ocuntry, issued a warning yesterday to all ocuntry in the follows in this marine force and the battalion of 500 mechanics and laborers to stay away from Mr. All ocuntry, issued a warning yesterday to all ocuntry in the follows infantymen now on its way the United States will be well equipped for its share ocult in the success and laborers to stay away from Mr. All ocult in the follows infantymen now on its way the Unit
